

New parking guidelines

Please be aware that as of Friday November 15, 2013 we will allow student drop off in the fenced in area for parent drop off.

We are asking parents to drop off their child using this area. Parents must be on the right side of the area. At the gate in the fenced in area, the student will be helped out by an aide and then enter the school.

Parking will still be available for parents in the church parking lot. Extra spaces for staff have been made through the main driveway.

Thank you for your help in making this a safe area for all.

Dr. Armstrong
