### Parent & Child Activity Calendar

Elementary School  
**Parents**  
make the difference!

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
	<b>1</b> It's Physical Fitness and Sports Month. Look for a new physical activity you can enjoy together as a family.	<b>2</b> Decide on a location anywhere in the world. Take turns telling one thing you would like to see there.	<b>3</b> Let your child see you keep your temper when you are angry. Instead of yelling, calmly talk about how you feel.	<b>4</b> Choose a number, then have your child list all the things she can think of that come in that number.	<b>5</b> It's Cinco de Mayo. With your child, learn about why this holiday is celebrated in Mexico.	<b>6</b> Give your child some sidewalk chalk. Do math problems outside together.
<b>7</b> Ask your child to keep a to-do list. Writing things down makes them easier to remember.	<b>8</b> Ask your child what he would do if he were invisible for a day.	<b>9</b> Praise your child for something she did today. Make your praise as specific as possible.	<b>10</b> Pick a category and a letter. How many items from the category can your child name that begin with that letter?	<b>11</b> Make a "touch box." Fill it with cotton balls, rocks and bark. Can your child guess what he's touching without looking?	<b>12</b> Create an art gallery. Frame your child's artwork. Rotate the work on display frequently.	<b>13</b> Go to the library and check out two books with your child. Check out some books for yourself, too!
<b>14</b> Challenge your child to do a secret good deed for a friend or neighbor.	<b>15</b> Talk about three ways you used math today. Ask everyone in the family how they used math.	<b>16</b> Watch the news with your child. Locate one place mentioned on a world map.	<b>17</b> On a map, have your child find the country from which your ancestors came.	<b>18</b> Ask your child to tell you about the nicest thing a friend has ever done for her.	<b>19</b> Teach your child to use a magnifying glass. Investigate things together.	<b>20</b> Go on a picnic with your child today. After eating, stretch out on a blanket and read together.
<b>21</b> Remind your child that you enjoy his company and let him know you love him.	<b>22</b> Pick a new word out of the dictionary. Everyone try to use that word at least three times today!	<b>23</b> Play Alphabet Mixup. Choose a word and put the letters in alphabetical order. Can your child figure out the word?	<b>24</b> Have a pattern day. Ask your child to notice patterns around her, such as a striped shirt or a flowered sheet.	<b>25</b> Learn a tongue twister. At dinner, challenge everyone to repeat it three times fast.	<b>26</b> Allow a few minutes after the light is off at bedtime for quiet conversation with your child.	<b>27</b> Have each family member make a list of his or her strengths. Read them aloud. Add to one another's lists.
<b>28</b> Have your child draw an upside-down picture today.	<b>29</b> Cover the illustration on a page of a book. Read the page to your child. Can she guess what's in the picture?	<b>30</b> Ask the school about dates for year-end tests. Make sure your child gets enough sleep the nights before.	<b>31</b> Think of some "what if" questions to ask your child: What if we walked on our hands? What if cats could talk?	<h1>May 2017</h1>
