

Interactive Kids Presents...

FAMILY SUPPORT SATURDAY WORKSHOP SERIES

Interactive Kids is a community resource designed to provide the highest quality consultation and training services for individuals, their families, professionals, and other providers through a collaborative solution-driven relationship.

We offer a wide array of behavioral, educational, and vocational-based services for individuals with disabilities such as autism, developmental disorders, non-verbal learning disorder, brain injury, ADD/ADHD, behavior disorders, and other neurological impairments. In addition, we treat those who may not be diagnosed but are experiencing socially challenging behaviors.

Interactive Kids
